Celebrating the History and Philosophy of Young Living

Lehi, Utah — At Young Living Essential Oils, we honor our stewardship as the champion of nature’s living energy, essential oils. With formulations based on the wisdom of ancient traditions and the best of modern science, our therapeutic-grade essential oils and oil-enhanced nutritional supplements represent the best wellness solutions on the market. As a global leader in the development of nature’s purest healthcare products, we provide unique solutions for cultivating a better lifestyle—physically, emotionally, and financially. Most importantly, we foster a community of healing and discovery where people are living lives of wellness, purpose, and abundance.

D. Gary Young, Founder and President of Young Living, began studying nutrition and naturopathy after suffering a crippling injury in a severe logging accident. After personally experiencing the many benefits of essential oils, Gary began an extraordinary campaign to promote the ancient healing art of essential oil therapy. His research led to the development of farms in Mona, Utah; St. Maries, Idaho; Provence, France; and most recently, Guayaquil, Ecuador. These farms are home to various plant life including lavender, sage, chamomile, peppermint, and a host of others cultivated and distilled to produce therapeutic-grade essential oils. Each oil is meticulously manufactured according to stringent quality standards. From seed to seal, we manage the planting, harvesting, distillation, and production of our essential oils, ensuring that they deliver a natural living energy and potent health effects. Used aromatically, applied topically, or taken
